## About Me

As a motivated and detail-oriented frontend developer fresher, I seek a dynamic and challenging role where I can apply my technical skills and contribute to innovative solutions. Eager to learn and grow within a collaborative team environment, I aim to leverage my programming knowledge to contribute effectively to the success of the organization.

## Education

**PRIYADARSHINI J.L. COLLEGE OF ENGINEERING**

*Bachelor of technology (Electrical Engineering)*

Nagpur, Maharashtra

2014-2018 | CGPA : 7.64

**MAJOR HEMANT JAKATE JUNIOR COLLEGE**

Senior Secondary (XII), Science (MH Board)

Nagpur, Maharashtra

2013-2014 | Percentage: 63%

## Projects

### ❖ CRYPTO TRACKER

Link : <https://crypto-tracker-lsit.vercel.app/>

- This application provides a crypto dashboard to analyse, compare and learn about different crypto currencies
- **Frontend:** Built using React.js with a responsive design.
- **UI Components:** Utilized Material UI for modern and accessible interface components.
- **Data Visualization:** Implemented Chart.js to create interactive and dynamic charts for analyzing crypto trends.
- **Animations:** Enhanced user experience with smooth transitions using Framer Motion.

### ❖ CUISINE COURIER

Link : <https://cuisine-courier.vercel.app/>

- This application provides an intuitive interface for people to book food online and a robust backend for managing food items and user data.
- **Frontend:** Built using React.js for a responsive and user-friendly interface.
- **Backend:** Developed with Express.js and Node.js, utilizing MongoDB for data storage.
- **Data Management:** Implemented efficient menu and order management in MongoDB.

### ❖ EDUSITY

Link : <https://edugate-nine.vercel.app/>

- This website provides detailed information related to the university, including courses, departments, campus and other key resources.
- Frontend: Developed using React.js with a focus on clean and responsive design.

## Skills

**Frontend Development:** HTML5, CSS3, JavaScript6, jQuery, Bootstrap5, React.JS, Ajax, SASS, REST API.

**Backend Development:** Node JS, Express JS

**Database:** MongoDB

**Tools:** VS Code, Canva, Postman, Git, GitHub, Vercel.

## Training Attended

I have completed 6 months offline "Classroom Training" on UI Full Stack Technology at Naresh I Technologies, Hyderabad.
